ALL LEVEL TRAINING WEEKEND 07-08 DEC 2019

During the weekend of 07-08 Dec 2019, 704 Squadron is conducting a all level training weekend for all cadets at Trenton Cadet Training Centre (TCTC). The Cadets will sleep in the barracks at TCTC, and must bring their own bedding/sleeping bag. This weekend will be designed to reinforce basic cadet knowledge, and to introduce some complimentary subjects.

Your cadet will need to be dropped off at TCTC by 0745, with the complete contents of the attached kit list. Please ensure that your cadet has had breakfast before being dropped off. TCTC is located on the south side of CFB Trenton, and is accessed by turning onto Anson Ave, then right onto Yukon Street, and follow it to the yellow mods on your right. Parking is on your left, please do not drive past the gatehouse onto the Parade Square.

It is mandatory that your child have in their possession their Ontario Health Card. The staff will collect these at the beginning of the exercise and keep them in a secure place during the activity. You must return the attached permission form prior to the training weekend for your child to be able to attend. If your child has special dietary needs or is on any form of medication make certain it is noted on the permission form.

The Cadets will need to be picked up at 4:00 PM on Sunday, 08 Dec 2019 in the same location. You are welcome to come and observe the final parade (which begins at 3:00 PM), as we will be formally inducting the Level 1 cadets into the Squadron. **Please be on time for pick-up.**

If you require more information please speak with Capt Watts at the squadron between 6:00 and 9:00 pm on Monday or Wednesday evenings.

GA Watts
Capt
Commanding Officer
